

LSIB Residential School Healing Circles

ONA is working with communities to host several healing circles in community to discuss residential schools and impacts. The circles are meant to be a safe space for talking, sharing and healing together.

The main question will be “*How has the discovery of the 215 affected you?*”

Mental health and cultural supports will be available during the circles.

Lunch will be provided.

Open to Syilx Nation members and community members.

SYILX INDIAN RESIDENTIAL SCHOOL:

The SIRS program works to address the impacts and raise awareness of Indian residential schools and move towards healing from a Syilx cultural lens. The work is guided by the SIRS committee representatives from each community.
